

Entertainment

If you are looking for a little entertainment during your stay in Los Banos we have a variety of options that appeal to all ages.

Theaters

We are proud to offer two theaters with multiple screens and plenty of movies to suit your tastes. Premier Cinemas is located in the Premier Shopping Center on Mercey Springs Rd. They offer first-run movies and advance ticket sales. If you happen to want to incorporate a birthday

party with a movie, they also have a small private party room available. Their snack bar is huge and offers an incredible amount of snack choices for moviegoers.

The other theater is located on the west end of Pacheco Blvd. in the San Luis Shopping Center. Here you will find affordable movies and several screens to choose from. They recently added pool tables for those that want additional entertainment opportunities.

Live Entertainment

A popular hangout, especially for young people, is O&J's Hot Dog Heaven in Downtown Los Banos. What started as just a place to have a large selection of hot dogs and sausages to choose from

has evolved into a great place to hear local bands and mu-

sicians perform. They offer full-on concerts on a fairly regular basis where they feature local talent as well as outside talent they bring in from large cities.

Also in the Downtown area is the Henry Miller Plaza. It is here that you will find a vari-

ety of entertainment throughout the year including live concerts, outdoor movie nights and kids carnivals.

For those of you that like a little competition when it comes to video games, Hollywood Video offers competitions in Guitar Hero and other video games. You'll find people of all ages participating in these events and they are a fun spectator sport as well.

Other events are added throughout the year, so to find out more about what activities will be going on during your visit contact the Chamber of Commerce at (209) 826-2495.
